Coverage	6.46 sq ft per box
Pieces per box	approx. 20
Installation	Floor & Wall
Use	Indoor
Shade variation	V2
Origin	Italy
SKU	ET-PREZ-0412GP

Why you will love it

- Italy-made porcelain fired at very high kiln temperatures for a hard, dense body and a glaze that keeps its color for decades.
- Low water absorption makes it frost resistant and tough enough for cold winters, heat and daily traffic.
- Easy to clean, hygienic and stain resistant: wipe with warm water and a pH-neutral cleaner.
- Natural shade variation between pieces gives an authentic, timeless look.

Installation & care

- Install with a white or gray thinset suited to porcelain tile; recommended grout joint 1/16" to 1/8".
- Blend pieces from several boxes during installation for an even mix of tones.
- Order about 10-15% extra for cuts and future repairs. Order a sample first to see the true color.

Specifications are approximate and may vary between production runs. Confirm details before installation.
